

We support our Soldiers & Sailors who are deployed overseas with FREE Memberships in Jeep Expeditions !

One thing we have heard from troops who are deployed overseas is that they like to read 4X4 magazines and they like to surf the internet when back in camp. It sure beats standing out in one of them Iraqi sand storms !

We have heard from some of troops abroad and we have listened to what they have asked us.

By unanimous vote of the Board of Directors, we are going to open a new type of membership. Members of our armed forces who are deployed overseas and register with a military email address will be granted full access to our members only Jeep Forum where they can read about everything we are doing, ask questions and talk about Jeeps and what we do. Membership will be free as long as they are deployed overseas and maintain the email address that was used for registration.

Surfing the Jeep Expeditions Forum sure beats Sand Skiing behind a hummer on free time and is a whole lot safer too !

Welcome to the group TROOP !
