# Why join Jeep Expeditions ?

Members of Jeep Expeditions make many new friends and join each other in many new and exciting adventures. With 10 Expeditions planned for 2010 and with planning underway for Expeditions in 2011 & 2012 already there is and will be something for everybody. Not everyone can go on every Expedition as we have to limit the size of our group according to how many we can accommodate based on the trip and how many we can have participating due to government or tribal regulations. Our average Expedition might have 25 Jeeps and up to 50 people and so that we do not grow out of control our By-Laws limit our membership to 150 Individual/Family memberships. In addition, we have about a dozen or so 1 or 2 day Wildcat runs each year that are announced only on our member forum.

The good news is we still have a few memberships available. The bad news is, it is going to take you 5 minutes or so of your time to complete the registration requirements.

What does membership in Jeep Expeditions give you?

First of all we are a UNIQUE club in the 4x4 world. Scenery, history, archeology, geology, paleontology, education and wheeling and so much more! Sure there may be some rock crawling involved but all of our trips are suitable for STOCK Jeeps.

A Group of Experienced people to lead you on multiple day Expeditions.

1. "Management" does all the planning, applies for permits and takes care of all the PIA stuff, consider us your off-road travel agent.
2. Unlike other Expedition groups, it wont cost you \$500, \$1000 or more per person to do what we have learned to do best. Most of our Expeditions are FREE to attend. We only charge when there is a charge for permits and guides which usually applies to Navajo or other Native American lands.
3. Discounts at local and potential national vendors can save you hundreds if not thousands of dollars every year.
4. We have a GREAT looking logo :-)
5. Save more money on occasional group buys.
6. See much more of the outdoors than you would on your own or with a rock crawling club and still spank the trails in Moab with us.
7. Organization and accountability! Your Board of Directors will make sure that our website and Forums stay up and remain stable, they will not only plan for the present but plan for the future as evidenced by our planning of Expeditions into 2012 already.
8. You know who to come to for advice or a problem.
9. Stability - We have taken all of the steps and will continue to take steps to insure the long term stability of our club.
10. New and exciting Expeditions each year and new twists on some old ones. You won't get bored!
11. Safety and security. You have peace of mind being with a responsible group of experienced "Expeditioniers".
12. It has been said by many that their 1st trip with us was worth many times more than what the annual dues are. And its so true.
13. Family friendly. We invite all members of the family, even the family dog. Most if not all of our trips besides being some of the most scenic you might ever go on also have historical and educational value to them.
14. Some have called many of our trips, the BEST off-road adventure they have even been on. While they can't all be the best they all will be lots of fun!
15. We have our "stuff" together!
16. Dedicated management and staff. We volunteer our time for YOU!

AND SO MUCH MORE!

Now, like the info-mercial says "How much would you pay for all of this ?" Membership is clearly worth hundreds of dollars per year according to many of our members but we have registered as non-profit organization so we can't make any money.

Prospective members are required to complete a quick and simple information form and submit 2 pictures of their rig. In addition you must participate in a minimum of one Expedition in a 12 month period and since we are a Jeep club, you must own and drive a Jeep vehicle on our Expeditions. Simple so far, right? We have simple ByLaws and Rules that every member is expected to abide by, most of them safety and common sense related. And yes we do have annual dues of \$40 per Individual/Family membership.
